Precision B2B Customer Segmentation & Value Proposition

Three focused segments. Three distinct needs. One verified supply promise.

Tier 1: Modern Retail & Q-Commerce (45% Volume)

Supermarket Chains, Blinkit, Zepto

Pristine Grade A produce
(>2% defect)

Direct farmgate dispatch provides
+36 hours extra retail shelf life

Pre-harvest volume reservations

Tier 2: HoReCa & Cloud Kitchens (35% Volume)

Hotels, Restaurant Chains,
Cloud Kitchens

Dependable Grade A & B
culinary staples

Contract price lock insulates kitchens
against spot mandi price spikes

Consistent morning replenishment

Tier 3: Agro-Processors & Dehydrators (20% Volume)

Sauce, Puree &
Pickle Manufacturers

100% absorption of Grade C
irregular lots

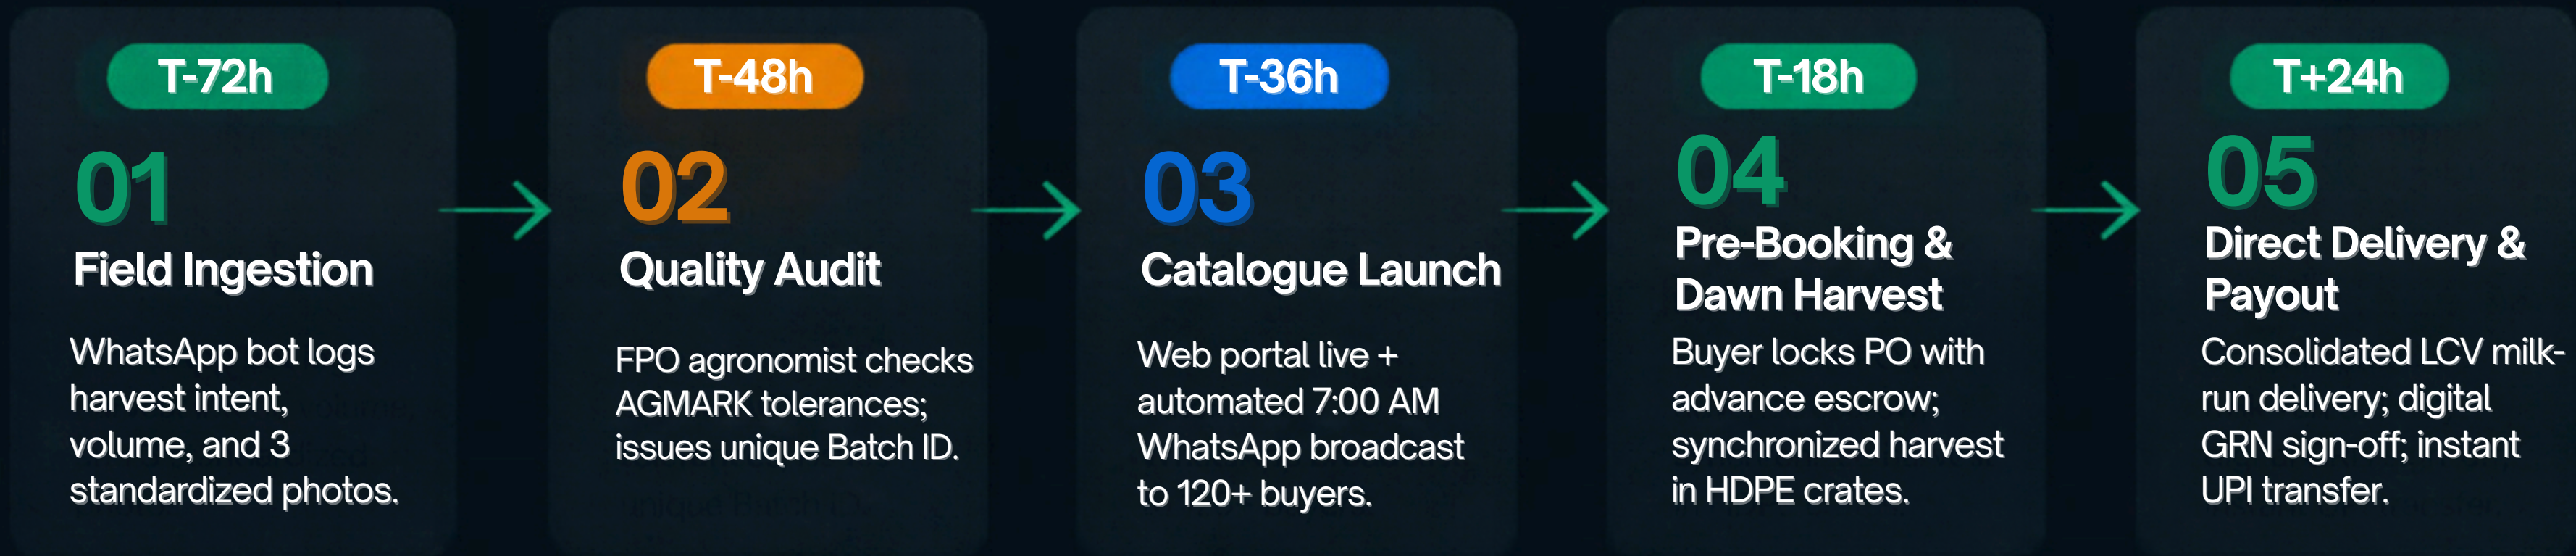

High edible pulp recovery

Zero farmgate dumping

VPC Core Match: Solves buyer pains (deceptive packing, inconsistent sizing) with verified photo proof.

Standardizing Data

A 5-stage operating flow that guarantees catalogue accuracy from field to buyer.

Mandatory 3-Photo Standard

Field Canopy

Capture of the produce on the vine in the field.

Crated Assortment

Assortment in HDPE crates showing count and grading.

Cross-Section with Official Calibration Scale Strip

Cut view with seed pattern and calibre reference.

Financial Viability

Sustainable unit economics. Real surplus for farmers and the FPO.

Risk Mitigation & Proactive Buyer Engagement

Lower risk for buyers. Higher reliability. Faster growth.

5 Critical Operational Risks & Mitigations

- 01 Visual Discrepancy**
Calibrated physical scale in every photo + random 10% hub audits.
- 02 Weather Shock**
Dynamic 12h confirmation pings; automated alternate lot re-slotting.
- 03 Buyer Defaults**
20% advance token deposit on pre-booking; bank guarantee for tier-1.
- 04 Transit Bruising**
600 stackable HDPE crates cut damage from 18% to <2.5%.
- 05 Side-Selling**
Guaranteed T+24h UPI payouts + 50% year-end profit-sharing dividend.

2 Buyer Growth Engines

- 01 7:00 AM WhatsApp "Harvest Alert"**
with 1-click micro-RFQ booking securing 65% of orders in 90 mins.
- 02 "Farm-to-Shelf" Traceability QR**
on crates enabling supermarkets to charge a 15% conscious consumer premium.

90-Day Pilot-to-Scale Roadmap & Live Demonstration

Phased execution. Measurable outcomes. Scalable impact.

PHASE 1

Days 1–30

Foundation & Standardization

Onboard 40 lead farmers
across 2 staple clusters

Calibrate grading kits

Execute 15 trial lots

PHASE 2

Days 31–60

Pilot Matchmaking

Scale to 20 lots/week

Onboard 15 institutional buyers

Deploy T+24h UPI payouts

Keep return rate <3%

PHASE 3

Days 61–90

Full Scale Operations

All 180 farmers active

40 weekly lots stable

₹66.5L monthly GMV

ONDC integration

LIVE PROTOTYPE READY: Experience the Farmer Submission, FPO Quality Desk, and Buyer WhatsApp RFQ simulator.
